

## Six Nations Rugby 2012 – Millennium Stadium, Cardiff

Wales will need to be at their best at home for the 2012 Six Nations as they face 3 tough fixtures. First up sees the visit of Scotland, who will be desperate to improve on their disappointing campaign in 2011. Wales will be looking to capitalise on the group's seemingly weakest team as they then face underdogs Italy, who will want to prove that they are anything but. The final match will be a hotly-contested affair as Wales face last years' runners-up France.
